

Inspired Care... Enriching Lives... Together

Salamander Bay Aged Care Facility (Salamander Bay)

Salamander Bay Aged Care Facility is where tranquil bushland meets the sea. Situated in the beautiful coastal resort town of Port Stephens, the facility is centrally located to shopping centres and transport services, and also has independent living units on site. Salamander Bay Aged Care Facility is home to 60 residents, with 20 of these placements being in a dementia-specific wing.

Salamander Bay Aged Care Facility is a low care facility and offers dementia-specific care to those who require it, all within a friendly and modern, home-like environment. The facility prides itself on the lifestyle programs it has implemented to assist with the health and well-being of their residents. With a variety of programs, games, concerts and activities, the staff at Salamander Bay like to encourage the residents to become social and involved.

The accommodation is modern and homely, with residents enjoying their own single bedroom. Each bedroom has an ensuite, along with an emergency call system, air conditioning, lockable bedside table and built-in wardrobe, all within a secure building.
